MFS also finds a place for attention to the future, amidst all of this present-mindedness.

She advises her readers on how to save the pennies.

In addition, if customers struggle to repay their loan, the company will help in any way that they can.

Long Term Thinking.

Cost of Capital (WACC) Capital Asset Pricing Model (CAPM) Valuation Primer Financial Modeling Earnings Projection

Because no one can see the future, good analysts like MFS look at thousands of securities and only act when they find a near-sure thing.

Lewis has long expressed his concerns over payday lenders.

It may seem like it's only an extra 20, but when payday arrives you could soon find that 20 makes all of the difference.

It takes a person both confident in the present moment, and hopeful about the future, to initiate an investment that may play out over decades.

It's a mysterious process, one that most of us understand only abstractly, but it's one that we nonetheless put a lot of stock in.
