Many people have found them to be useful in their time of need.

Should I cut my losses? , Is another good investment ever going to come along? .

By acting where they should wait, and vice versa, they cheat themselves out of yields and perform more poorly than an unmanaged index fund would! And some investment managers are little better, just taking 1-2% of your annual yields and getting you less payoff than you would without an active manager.

The financial industry also offers a wide range of possible career paths and specialties; however, to make the most of the prospects on offer it pays to get off to a good start by choosing the right subjects to study.
